

# Chalet Alpenruh

Protection concept for our holiday apartments Chalet Alpenruh

1. All people in the house clean their hands regularly
2. There are enough protective articles available for our employees.
3. At the house entrance there is a hand disinfection station (right on the wall)
4. Each apartment has been provided with enough liquid soaps.
5. Every apartment is cleaned thoroughly by us and surfaces are disinfected
6. We have informed all employees of our company about the protective measures.
7. All people consider the 2m distance
8. We regularly clean the surfaces and objects that are used by several people as required.
9. All our bed linen and bath towels are professionally cleaned (60 ° wash, tumbler or ironed)
10. The information brochures have been removed from the apartments. If you are interested, you can request them directly from us and then take them home.

You can find the current brochures under the following QR code

11. When handing in the guest card, we have all the necessary information from everyone to provide information in the event of illness
12. We ask all guests to inform us up to two weeks after departure if they get sick.
13. We will implement this protection concept efficiently

We wish you a pleasant stay with us.

Your landlords Brigitte and Olivier Jaggy-Kalbermatten
